Referring to the Letter of PT Bursa Efek Indonesia (the Indonesia Stock Exchange) S-02441/BEI.PP2/04-2018 dated 24 April 2018 on Request for Explanation of News in Mass Media "Waskita Toll Road dan Jasa Marga Kaji Pendirian JV", we hereby extend the explanation of the said news as follows:

1) Clarification of the news.

In order to support the company business strategy to increase shareholder value in the long run, the company will continue to improve potential toll road and target the addition of toll road operation by complete the development projects toll road which is currently being held.

To support this, the company established PT Jasamarga Transjawa Tol (JTT) on June 2nd 2017 together with PT Waskita Toll Road with majority 65% hold by the Company's and 35% hold by PT Waskita Toll Road. Currently, the Company own all of share in the joint venture. PT JTT is aimed to simplify the process of integration system and operation management for the toll road in Trans Java area and especially to provide better services for toll road users.

2) Information/other significant events that are material and may affect the sustainability and the stock price of the Company.

There is no other information that may affect the equity and the stock price of the Company.

Thank you for your kind attention.
